HPN ELITE TEAM*

BRAND MANIFEST

Warriors are those who struggle to achieve their goals. We believe that focus, determination and perseverance are what make true athletes, more than that, developing powerfull warriors.

Growing up every day, in each new weight lifted, in each mile reached, in each sweat spilled only makes sense when we understand that beyond all this is the mark of overcoming.

And overcoming takes us to freedom. The freedom to recognize in us the strength to deal with challenges. The freedom to see that we are able to move forward even when no one believes. The freedom to achieve the true power you seek!.

HPN, more than strength, more than freedom. Power!

QUALITY BEYOND STANDARDS

Our products are obtained with the highest quality ingredients manufactured in certified facilities. We guarantee that our proteins are free of any substance harmful to health. HPN proudly honors its commitment to quality and safety by investing in quality testing in our laboratories every year.

That is why HPN goes far beyond the standards of safety and respect for our customers.

OUR STORY

The new HPN's operations began in Seattle, Washington State (USA). The quality and success of the products soon after the entry of the Windsor brothers spread throughout the state, creating the need to create a distribution network throughout the American territory.

Two years after the reopening of the factory, Heavy already had 7 centers that distribute supplements throughout the American, Canadian territory, in addition to France, Germany and the United Kingdom.

In 2013, the brand decided to take another important step in its expansion program and started its distribution in Brazil.

In this way, more than 600 cities in the world already sell HPN products, consolidating business success.
